

Tunner and Halvorsen Parts Website Guide

 **LEONARDO DRS**

Tunner and Halvorsen Parts Website Guide

DRS has teamed with GGS to develop a new loader website. Website enhancements include:

- One log-in for both loaders
- Part hot-spotting for quicker identification of parts
- Real time updates on parts
 - No longer have to wait for TO Change approval before updating part numbers or illustrations
 - Obsolete parts and typo errors can be corrected immediately
 - TCTO kit part numbers will be added to the website before TCTOs are released
- Notes highlighting updates clearly identified
 - All differences between website and TO will be clearly identified

Tunner and Halvorsen Parts Website Guide

To get started:

- Go to the Parts Website
 - Old links should automatically forward to the new site
- Click “LOG IN”

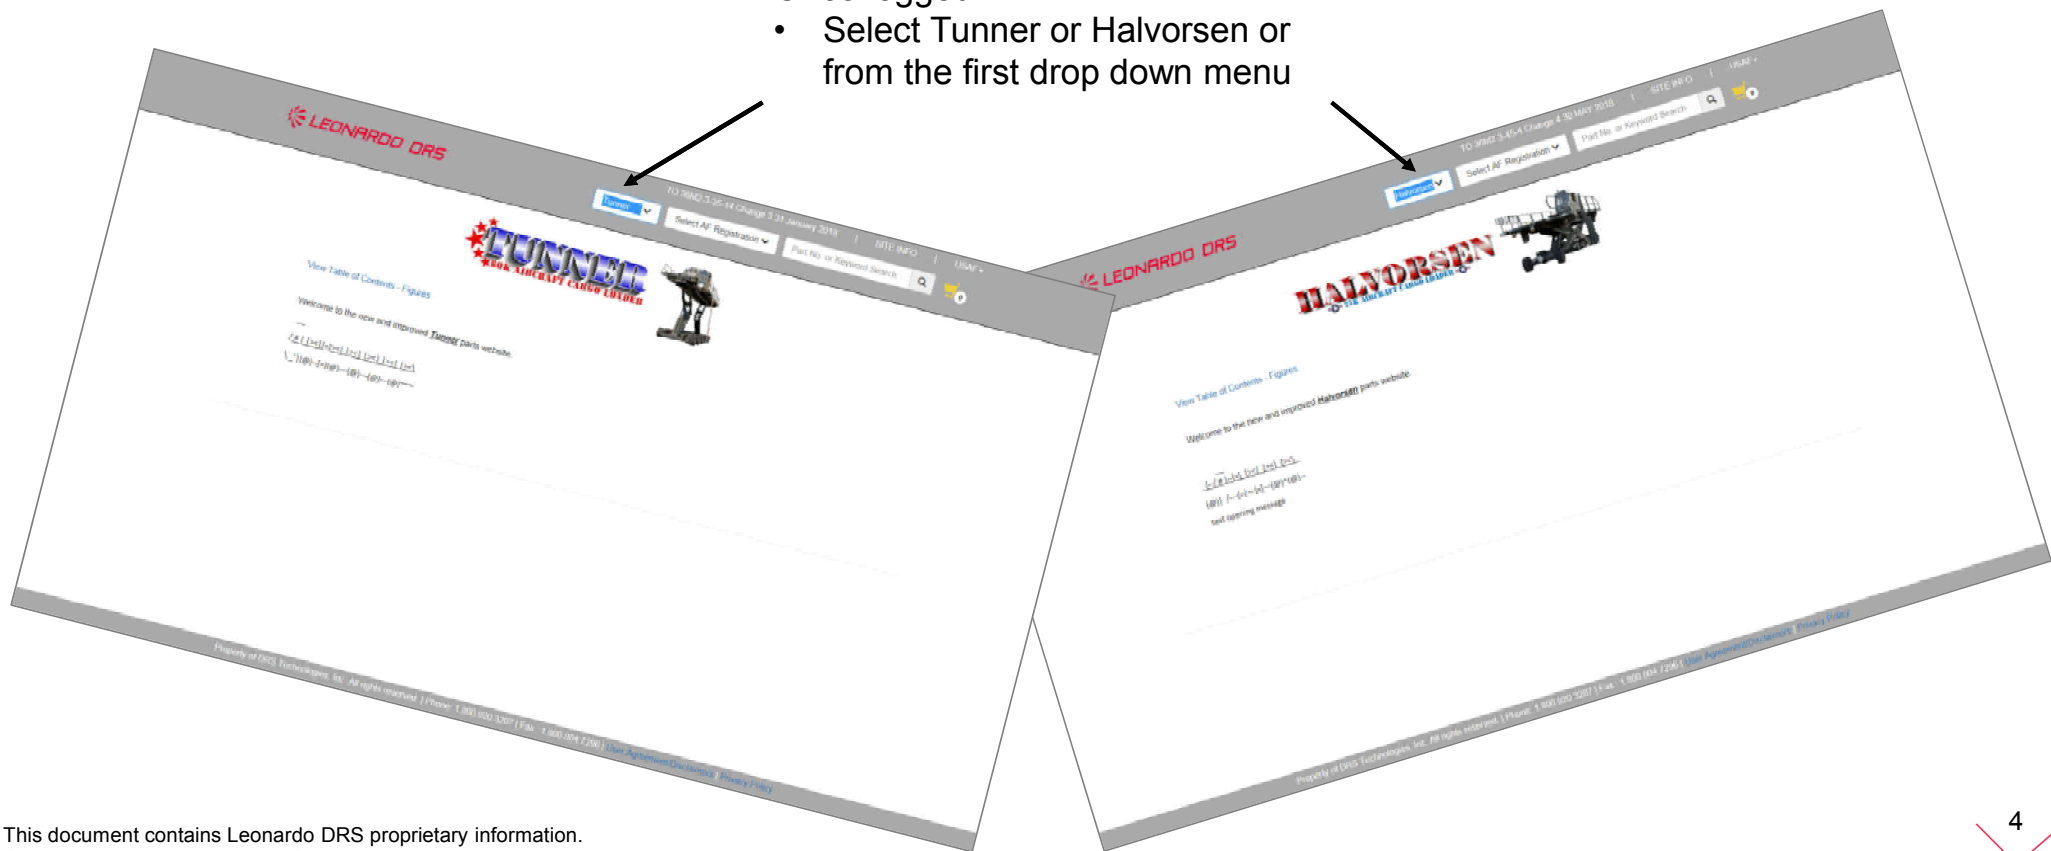

- Enter User Name and Password
- Click “Log In” button

- If you have forgotten your password, click “Forgot Password?” and follow the instructions

Tunner and Halvorsen Parts Website Guide

Once logged in:

- Select Tunner or Halvorsen or from the first drop down menu

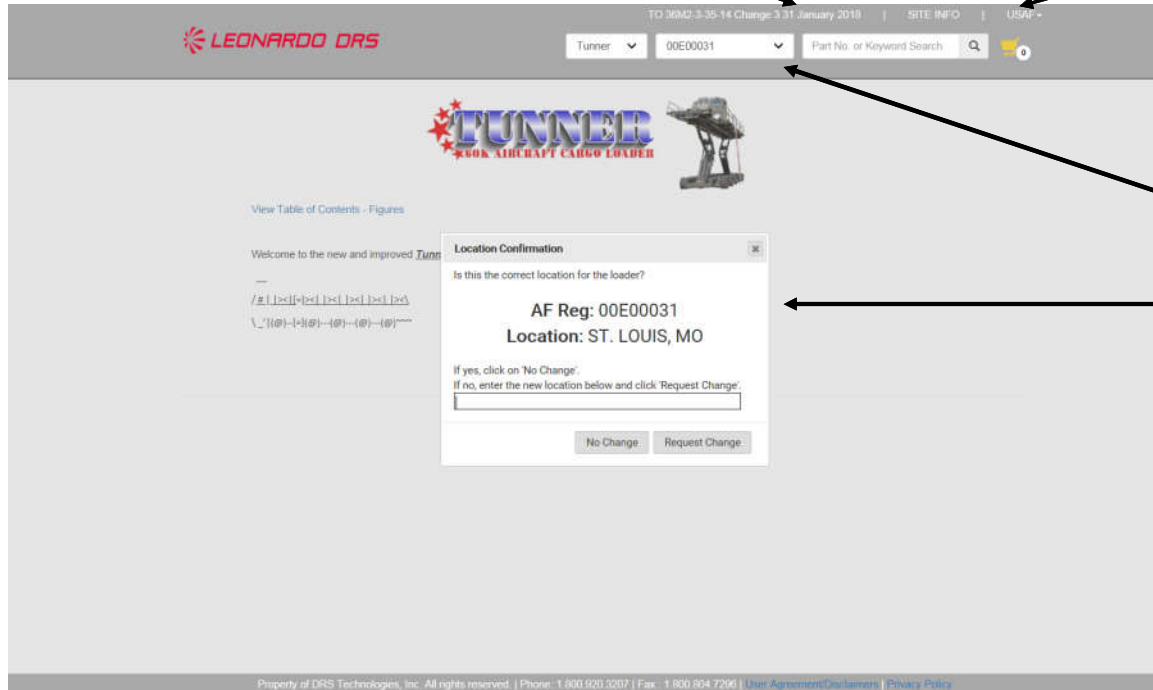

Tunner and Halvorsen Parts Website Guide

From this point we will review a Tunner order, although the Halvorsen instructions would be the same.

** TO number, change number and release date **

** User name with drop down menu for Account Information, Order History, Log Out options **

- Select AFREGNO from the second drop down menu
- A pop-up window will appear asking for calcification of the loader location
 - Select No Change or Request Change, depending on the information displayed

Tunner and Halvorsen Parts Website Guide

The screenshot shows the Leonardo DRS website interface. At the top, there is a header with the Leonardo DRS logo, a dropdown menu for 'Tunner', a search bar with '00E00031' entered, and a 'Part No. or Keyword Search' button. Below the header, there is a '1 result for "' section. On the left, a 'TOC' (Table of Contents) menu is displayed, listing various figures and their descriptions. An arrow points from the 'Leonardo DRS' logo in the header to the text on the left. Another arrow points from the search bar to the text on the right. A third arrow points from the 'TOC' menu to the text on the right.

1 result for "

TOC

- Figure 1. Truck, Aircraft Cargo Loading/Unloading - Tunner
- Figure 2. Chassis Assembly
- Figure 3. Installation, Power Pack (Series 53 Detroit Diesel)
- Figure 5. Installation, Air Intake (Series 53 Detroit Diesel)
- Figure 7. Installation, Engine Exhaust (Series 53 Detroit Diesel)
- Figure 9. Engine Assembly (Series 53 Detroit Diesel)
- Figure 10. Engine Assembly (Series 900 Mercedes-Benz)
- Figure 11. Installation, Alternator (Series 53 Detroit Diesel)
- Figure 12. Installation, Engine Alternator
- Figure 13. Installation, Lubrication System
- Figure 14. Installation, Air Compressor
- Figure 15. Pump, Hydraulic - PV1 and PV2 (Series 53 Detroit Diesel)
- Figure 17. Diesel Engine (Series 53 Detroit Diesel)
- Figure 19. Installation, Coolant (Series 53 Detroit Diesel)

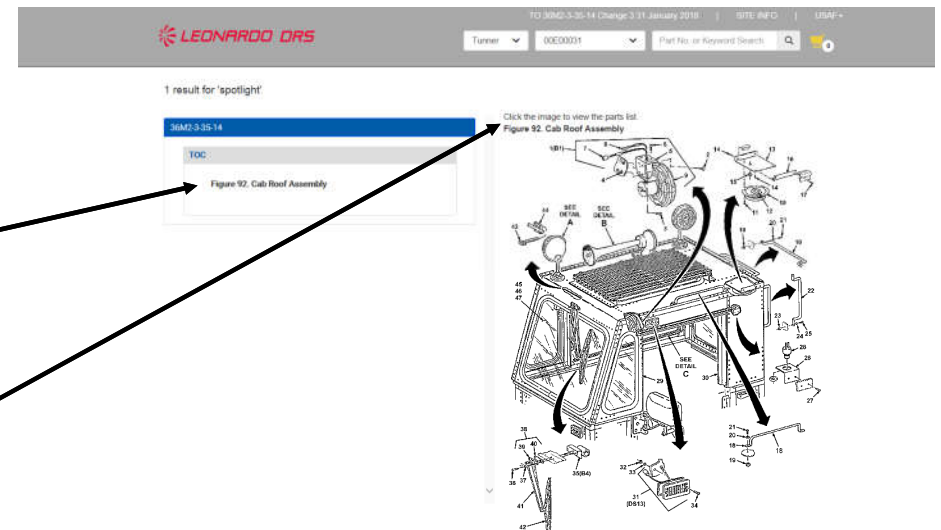

** At anytime, you can click on the Leonardo DRS area to go back to the first screen **

- After answering location question, the Table of Contents (TOC) will be displayed
 - Note that only the Figures that pertain to your Use On Code (UOC) will be displayed on the TOC
- From here, you can search by:
 - Part number or Keyword by entering the information in the search block
 - Figure by clicking one of the Figures from the TOC menu

Tunner and Halvorsen Parts Website Guide

- Example: type “spotlight” into the search window and click on magnifying glass
- Search for “spotlight” shows that it is only available in one figure

- Click on Figure to bring up figure
- You must click on the illustration to view that parts listing for that figure

Tunner and Halvorsen Parts Website Guide

- Once the Figure is opened, the TOC will go directly to your part and highlight that line item
- Clicking on the index number will move the illustration to highlight the index number
- Clicking on an index number in the illustration will move the TOC to the part number line for that item
- Clicking on the “+” emblem will open a drop down box with other part information
 - If this part has been updated since the official TO release date, specific information will be displayed in this drop down box
- Click “Add to Cart” to add your order to the cart
- Number of items in cart will update with each addition item
- Click on cart icon to check out

**** Bread Crumb trail will allow you to go back without starting over ****

The screenshot displays the Leonardo DRS website interface. At the top, there is a header with the Leonardo DRS logo and navigation links. Below the header, a search bar and a dropdown menu are visible. The main content area shows a parts list for '9033804-907 Cab Roof Assembly'. The list includes columns for part number, description, quantity, and an 'Add To Cart' button. A technical drawing of the assembly is shown on the right, with a zoomed-in view of a specific part. Arrows indicate the navigation flow: from the parts list to the drawing and from the drawing back to the list.

Tunner and Halvorsen Parts Website Guide

The screenshot shows the Leonardo DRS website interface. At the top, there is a header with the logo, a user menu (Tunner), a dropdown menu (00E00031), a search bar (Part No. or Keyword Search), and a shopping cart icon. Below the header, there is a section titled "Open Shopping Cart". The main form contains several fields and sections:

- Header ID#:** ID is assigned on submission. (Callout 2)
- Created By:** USAF. (Callout 3)
- Order Date/Time#:** 05/06/18 08:43:22 AM. (Callout 4)
- AF Reg:** 00E00031. **Location:** ST. LOUIS, MO. **Request Change** link. (Callout 5)
- ETI Number:** 0. (Callout 6)
- Work Order Number:** (Callout 7)
- Vehicle Down:** N. (Callout 8)
- Saturday Delivery:** N. (Callout 9)
- Mark For:** (Callout 10)
- Problem Description:** (Callout 11)
- Special Instructions:** (Callout 12)
- Part No.:** 1 87155. **Part Information:** SPOTLIGHT From: 9033804-307. (Callout 13)
- Qty.:** 1. (Callout 14)
- Problem Desc.:** (Callout 15)
- Fail Type:** Normal. (Callout 16)
- Kit Repl.:** No. (Callout 17)

At the bottom right of the form, there are two buttons: "Update Order" and "Submit Order".

1. Click to clear contents of cart and delete the order
2. The Header ID will be assigned after order is placed
3. User Name
4. Date/Time of order
5. Loader location
 - If this is not correct, you can select "Request Change"
6. Enter ETI (Elapsed Time Indicator) meter reading (loader hours)
7. Enter Work Order number

8. Select "Y" if the loader will be NMCP or VDP
9. Select "Y" if you can accept a Saturday delivery
10. Enter name and commercial phone number
11. Enter any unusual circumstances for your order

12. Enter any Special Instructions for your order
13. Adjust the quantity of the item being ordered
14. Enter detailed Problem Description
15. Select Failure Type from the drop down menu
16. Select CHPMSK or Pre-position if applicable
17. Click on the Update Order and/or Submit Order **AFTER** double checking all information on this page for accuracy

** Once order is submitted, you should receive an email from GGS confirming your order **

If you have issues ordering parts, you may contact your "local" DRS FSR for assistance or call the Technical Support Hotline at 1-800-920-3207

THANK **YOU** FOR YOUR ATTENTION
